**Application:**

The image shows a screenshot of a mobile application interface. At the top, there is a status bar with a green background, displaying the time 11:41, a small orange icon, and network/battery status icons. Below the status bar is a dark grey header. The main content area is white and displays three rows of data: 'Temperature' with a value of 84.02, 'Humidity' with a value of 76, and 'Air quality' with a value of 4095. Each label is in a large, black, serif font, and each value is in a smaller, black, sans-serif font inside a white rectangular box with a thin grey border. The bottom of the screen shows a black bar with three white horizontal lines, representing the Android navigation bar.
